- 8.01.030 Recreational Fires**
- 8.01.040 Open Fires**
- 8.01.050 Violation**
- 8.01.060 Fines, Fees and Penalties**
- 8.01.070 Severability**

Chapter 1 Fireworks, Recreational Fire, and Open Fire ban
(Ord. 2009-10; 1/12/2010)

Sections:

[8.01.010 General](#)

[8.01.020 Discharge of Fireworks](#)

[8.01.030 Recreational Fires](#)

[8.01.040 Open Fires](#)

[8.01.050 Violation](#)

[8.01.060 Fines, Fees and Penalties](#)

[8.01.070 Severability](#)

8.01.010 General

The Town of Star Valley Ranch is located in the wildland-urban interface, adjacent to US Forest Service property. Much of the Town is located in areas that are subject to lush forested or grassland vegetation. Approximately one half of the building lots within the Town are undeveloped and not maintained. This creates an increased risk of fire during dry conditions due to the accumulation of heavy dry vegetation. Our Town could be subject to extensive damage should a fire occur. This ordinance is established in anticipation of the potential for high fire danger, and the corresponding threat to life and property in the event of a wildfire, while recognizing the pleasures of a recreational fire.

8.01.020 Discharge of Fireworks

It shall be unlawful for any person to set a flame to, light, fire, explode, discharge, or set off any pyrotechnic device or other object containing powder or other combustible material within the Town boundaries. The effective dates of Section 8.01.020 shall be from April 1 through November 30 of each year, or when declared by the Mayor with concurrence of at least two (2) Town Councilmen.

8.01.030 Recreational Fires

A recreational fire is defined as an outdoor fire used for pleasure, religious, ceremonial, cooking, warmth, or similar purposes, exclusive of open fires. Unless allowed by one of the following exceptions, it shall be unlawful for any person to have a recreational fire within Town boundaries from April 1 through November 30 of each year or when declared by the Mayor with concurrence of at least two (2) Town Councilmen.

Exceptions:

- A. Wood burning fire container:
 - 1. Consisting of a freestanding manufactured outdoor fireplace or fire-pit; and
 - 2. Constructed of stone, concrete block, concrete, metal, ceramic or other noncombustible material; and
 - 3. Shall have burn chambers entirely enclosed by noncombustible solid or spark arresting materials; and

4. Chimneys and/or other smoke and heat discharge areas shall be provided with spark arrestors.
- B. Gas burning fire container:
 1. Consisting of a freestanding manufactured outdoor fireplace or fire-pit; and
 2. Constructed of stone, concrete block, concrete, metal, ceramic or other noncombustible material; and
 3. Shall have a burn chamber.
 - C. Manufactured or permanently constructed barbecue grills (Gas or Charcoal), designed for food preparation, when in use shall maintain at least the minimum combustible material clearance specified by the manufacturer. If no combustible material clearance is specified, the minimum distance is three (3) feet
 - D. All fires must be attended at all times until fully extinguished with water, turned off, or extinguished by other methods resulting in a similar effect.
 - E. The Town of Star Valley Ranch reserves the right to issue a one-event, special burn permit with the signature of three council members.
 - F. Other "Exceptions" may be permitted but must be requested in writing by a current legal home occupant, approved by signature of any two of the following: the Town Public Safety Advisor, Special Municipal Officer, Public Works Director, Town Administrator and attested by the Town Clerk, a copy of which must be available during the burning period.
 - G. NO exceptions as specified in Section 8.01.030 (F) are permitted when the inherent fire danger is deemed as HIGH or EXTREME by the US Forest Service.

Note: Title 6, Chapter 1, Appendix 6.01-A, Building and Construction Site Requirements, Paragraph 17, states "No fires are permitted to dispose of construction material, demolition, or yard debris". This is unchanged and stays in effect

8.01.040 Open Fires

- A. Open burning of any trash, tree trimmings, leaf and grass rakings, or other such debris is prohibited.
- B. Open Fires set by Public Safety Officials in performance of their duties are permitted.

8.01.050 Violation

Any outdoor fire, not specifically permitted in this chapter, shall be a violation.

8.01.060 Fines, Fees and Penalties

Violators of this chapter will be subject to a fine not less than \$250.00 or not to exceed \$1,000.00 per incident. In addition violators may be ordered to pay restitution for any damages caused by the violation.

8.01.070 Severability

If any section, subsection or clause of this chapter shall be deemed to be unconstitutional or otherwise invalid or unenforceable, the validity of the remaining chapters, sections, subsections and clauses shall not be affected.
